## ***Appendix VIII Storm Water Contract Language***

The following language will be inserted into the City's contracts for goods and services executed by the Purchasing and Contracting Department or the Public Works Department. The department executing the contract is responsible for ensuring the language below is incorporated into the contract:

**Storm Water Pollution Prevention Program.** Contractor shall comply with the City's Storm Water Management and Discharge Control provisions codified in Division 3 of Chapter 4 of the SDMC, as may be amended, and any and all applicable Minimum Best Management Practice requirements, as defined in the City's Jurisdictional Runoff Management Plan, in performing or delivering services at City owned, leased, or managed property, or in performance of services and activities on behalf of City regardless of location.

Contractor shall comply with the City's Jurisdictional Runoff Management Plan encompassing Citywide programs and activities designed to prevent and reduce storm water pollution within City boundaries as adopted by the City Council on [DATE], via Resolution No. [XXXXXX], as may be amended.

Contractor shall comply with each City facility or work site's Storm Water Pollution Prevention Plan, as applicable, and institute all controls needed while completing the services to minimize any negative impact to the storm water collection system and environment.
